

Welcome to 2nd Grade!

Hello Parents,

In order to establish community in our classrooms, we thought it would be fun for the students to share things about themselves to get the year going. This will help me and the other students get to know your child better!

All you have to do is help your child pick out 2-3 items that can fit into the paper bag they are taking home today. We recommend that you send something small and simple to share with the class. In the past children have brought items such as game cards, stuffed animals, and their favorite book, etc.

Welcome to 2nd Grade!! It is truly going to be a great School year!
